Anthony Currie

Technical Support Specialist | Python, Linux, Azure | Google, IBM
Certified | 2x RIAA Platinum, 1x Gold Musician
Chicago, Illinois, United States

Summary

I'm a Technical Support Specialist with 7+ years of real-world troubleshooting experience and over 1,500 hours of cybersecurity training. I've resolved more than 2,500 technical issues across MacOS, Windows, hardware, and software systems as the sole technician in a high-pressure environment. My background includes OS diagnostics, system configuration, hardware repair, and remote support across multiple channels. I've completed the Google Cybersecurity, IBM Cybersecurity Analyst, and Harvard CS50 programs, and I'm preparing for Security+. I'm focused on IT Helpdesk, Technical Support, and Cybersecurity Support roles where I can bring reliable problem-solving, fast diagnosis, and strong communication.

Experience

Freelance | Self-Employed

Music Producer
May 2016 - Present (9 years 9 months)
Chicago, Illinois, United States

CREDITS: Polo G, Jeremih, Def Jam, Fivio Foreign, Lil Zay Osama, Warner Music, Sony/Columbia Records, + more.

Coursera

IT Support Technician
January 2022 - August 2024 (2 years 8 months)

Transitioning from a successful career in audio engineering and music production, I have honed my skills in IT support. I excel in analyzing and managing systems, troubleshooting technical issues, and adapting to new technologies like Windows & MacOS, Python automation, Linux security, and Microsoft Azure.
